EMPAÑAPITA

similar to a Spanish empañada, this empañapita uses pita bread for the shell

1. Preheat oven to 400 °F.
2. Combine beans, vegetables, chicken, cheese, and seasonings. Mix well.
3. Cut pitas in half, and open the pockets. Divide filling evenly between the four halves (about 1½ cups each).
4. Place pitas on a nonstick baking sheet, and bake for about 10 minutes until the filling is hot, cheese melts, and chicken is reheated.
5. Serve each empañapita with ¼ cup of Tangy Salsa.

Note: If you can't find beans labeled "low sodium," compare the Nutrition Facts panels to find the beans with the lowest amount of sodium. Rinsing can help reduce sodium levels further.

Children can help stuff ingredients into the pita pockets.
